

S/N	Project Name	Client	End Client	Location/ Field	Vessel Name & Type	Scope of Work performed by POSH Subsea	Period of Work (MMM/YY)	Air Dive	SAT Dives	ROV Dives
1	Pipeline Replacement Project V Season III	Sapura Fabrication Sdn Bhd	Oil and Natural Gas Corporation (ONGC) Ltd. India	Mumbai High, Western Coast of India	8 Point Mooring subsea installation and dive support barge 'Posh Bawean'	Bawean - Air Diving - Subsea Installation of: - Riser guard installations - 5 Nos - Barge Bumper installation at 2 platforms	End March 21 to May 21	165	0	0
2	Bassein Development Project (BDP), New Water Injection South-R (NWIS), Cluster 8 Marginal Field Project (C8MFP), other addn works	L&T Hydrocarbon Engineering Limited	Oil and Natural Gas Corporation (ONGC) Ltd. India	Mumbai High, Western Coast of India	DP 2 DSV Hal Anant	Subsea Activities (Construction and Installation) including air and saturation diving: - SSIV Leak Rectification Works (BDP), PGB frame removal & Fender/bullet installation (C8MFP), Diving Ops	Feb-20 to May-20	646	516	32
3	Heera Redevelopment Phase-III (HRP-III)	L&T Hydrocarbon Engineering Limited	Oil and Natural Gas Corporation (ONGC) Ltd. India	Heera Field, Mumbai High, Western Coast of India	DP 2 Diving Support Vessel Seamec Princess	Subsea Activities (Construction and Installation) including air and saturation diving: - Free span correction - 2 Nos - Pipeline crossings - 59 Nos	Oct -20 to Dec 20			
4	Heera Redevelopment Phase-III (HRP-III)	L&T Hydrocarbon Engineering Limited	Oil and Natural Gas Corporation (ONGC) Ltd. India	Heera Field, Mumbai High, Western Coast of India	- 8 Point Mooring subsea installation and dive support barge 'Posh Natuna' - 8 Point Mooring subsea installation and dive support barge 'Posh Bawean'	Natuna - Subsea Activities (Construction and Installation) including air and saturation diving: - Riser Clamps & Riser Installations - 9 Nos - Tie-in spool installation - 5 Nos - Wye and Spool installation - 2 nos - Jumper assembly with spool - 1 no - Bow String Removal & Recovery Bawean - Air Diving - Subsea Installation of: - Riser guard & boat landing installations - 5 Nos - Barge bumper installation - 2 nos	Mar-20 to May 20 and Nov 20 to May 21 Dec 20 to Mar 20			
5	Cluster 8 Marginal Field Project (C8MFP)	L&T Hydrocarbon Engineering Limited	Oil and Natural Gas Corporation (ONGC) Ltd. India	Mumbai High, Western Coast of India	- 8 Point Mooring subsea installation and dive support barge 'Posh Natuna' - DP 2 Diving Support Vessel Seamec Princess	Natuna - Subsea Activities (Construction and Installation) including air and saturation diving: - Tie-in spools installation - 13 nos - SPRU installation with spool - 1 Nos SPRU with 2 nos spool Seamec Princess - Subsea Activities (Construction and Installation) including air and saturation diving: - Free span correction - 61 nos - Pipeline crossings - 12 Nos - Tie-back works - 1 No	Feb-21 to May 21 Nov 20 to Dec 20 and in Mar 21			
6	Pipeline Replacement Project VI	Valentine Maritime Ltd	Oil and Natural Gas Corporation (ONGC) Ltd. India	Mumbai High, Western Coast of India	- DP 2 Diving Support Vessel Seamec III - 8 Point Mooring subsea installation and dive support barge 'Posh Natuna' - DP 2 Diving Support Vessel Seamec Princess	Seamec III - Subsea Activities (Construction and Installation) including air and saturation diving: - Free span correction - 16 Nos - Pipeline crossings - 80 Nos Natuna - Subsea Activities (Construction and Installation) including air and saturation diving: - Riser Clamps & Riser Installations - 11 Nos risers - Tie-in spools installation with Wye - 1 No - J tube Installation - 1 No - Flexible pipeline laying - 4.1 km long from Platform to Subsea connection Seamec Princess - Subsea Activities (Construction and Installation) including air and saturation diving: - SPRU installation with connecting tie-in spool - 10 nos - Free span correction - 10 Nos - Pipeline crossings - 98 Nos	Feb-20 to Apr 20 Jan-21 to May 21 Dec 20 to Mar 21	106	601	0

7	Pipeline Replacement Project V	Sapura Fabrication Sdn Bhd	Oil and Natural Gas Corporation (ONGC) Ltd. India	Mumbai High, Western Coast of India	<p>- 8 Point Mooring subsea installation and dive support barge 'Posh Natuna'</p> <p>DP 2 Diving Support Vessel MMA Prestige and Seamec Princess</p> <p>- 8 Point Mooring subsea installation and dive support barge 'Posh Bawean'</p>	<p>Subsea Activities (Construction and Installation) including air and saturation diving, ROV:</p> <ul style="list-style-type: none"> - J-tube installations - Riser removal - 8 Nos - Riser installation - 15 nos - SPRU installation with connection spools - 8 Nos - Spool installation - 9 Nos (connection with wellhead) - Crossings Installation - 284 Nos - Free Span Corrections - Jacket Face Surveys - Bow String Installations - Flexible installations <p>Bawean - Air Diving - Subsea Installation of:</p> <ul style="list-style-type: none"> - Riser guard installations - 3 Nos - Support for Hookup activities 	<p>Nov-18 to May 19</p> <p>and</p> <p>Nov-19 to Mar-20</p>	517	842	17
8	IESB - TOTAL - Block B21 Intervention	Innovative Edge Sdn Bhd	TOTAL Energy	Muara Outer Anchorage	DSV POSH PW Natuna	- Accommodation	21 Jul 2021 to 22 Nov 2021	0	0	0
9	B-80 Field Development (ROIW) Project	Hindustan Oil Exploration Company	HOEC	AT ID J/E Mumbai	DP DSV Seamec Princess	<p>1. Installation of refurbished CALM buoy of SBM IMODCO turntable design. The buoy is required to be moored at location using 6 mooring chains of 104 mm Studdles R3 specifications. The mooring chains have been anchored using suitably designed driven pile anchors that have been installed using Vibro and Impact hammers.</p> <p>2. Installation of Floating hose and mooring hawser.</p> <p>3. Assist FSO Prem Pride to connect to hawser and floating hose assembly.</p> <p>4. Flush and hydro test the oil export assembly including the oil export line, PLEM connections, under buoy hose, Buoy piping and floating hose assembly from the OI end in readiness for commissioning of the oil line</p> <p>5. Execution of remaining offshore installation scope for Hydraulic actuator installation including</p> <ul style="list-style-type: none"> # Installation of supplied actuator on subsea ball valve in gas lateral spool assembly as per supplied procedure. # Manipulate the actuated and manual ball valves as required in readiness for commissioning of the gas line. # Assist in pre-commissioning works 	26 Nov 2021 to 26 Dec 2021	36	25	0
