

WHISTLE BLOWING POLICY

It is the desire and aim of the Pacific Workboat Pte Ltd to develop, promote and maintain high standards of corporate governance within the Company. The Company does not tolerate any corporate impropriety, malpractice, or wrongdoing by staff in the course of their work.

Employees are often the first to realise that there may be irregularities within a company. However, employees may not express their concerns for fear of being disloyal to their colleagues or to the company. They may also be afraid of discrimination or harassment. In such circumstances employees may feel that it is best to ignore the concern rather than report. Similarly, External parties who have dealings with the company (such as customers and suppliers) may also avoid raising a concern of potential irregularities for the same reasons.

This policy establishes a framework for whistle blowing without fear of reprisals and provides for independent investigations of such matters and appropriate follow up actions.
